Repair Parts

6 or 9 U.S. Gallons Wet/Dry Vac Model Number WD06200 or WD09350

RIDGID parts are available on-line at www.ridgidparts.com

WARNING

SERVICING OF DOUBLE-INSULATED WET/DRY VAC

In a double-insulated Wet/Dry Vac, two systems of insulation are provided instead of grounding. No grounding means is provided on a double-insulated appliance, nor should a means for grounding be added. Servicing a double-insulated Wet/Dry Vac requires extreme care and knowledge of the system, and should be done only by qualified service personnel. Replacement parts for a double-insulated Wet/Dry Vac must be identical to the parts they replace. Your double-insulated Wet/Dry Vac is marked with the words "DOUBLE INSULATED" and the symbol  (square within a square) may also be marked on the appliances.

Always order by Part Number - Not by Key Number
